

UPCOMING ENHANCEMENTS *to CollegeCounts Portfolios*

WE'RE PLEASED TO SHARE SOME EXCITING NEWS!

CollegeCounts' long-term focus is on offering families a cost-effective, attractive way to save for college, and part of this approach includes regular program reviews for potential enhancements. As a result of this process, we are excited to announce several changes that are detailed in the enclosed Program Disclosure Statement Supplement. These changes will become effective on September 28, 2016.

NEWLY DESIGNED AGE BANDS AND PORTFOLIO CHANGES

CollegeCounts currently offers three Age-Based options (Conservative, Moderate, and Aggressive), six Target Portfolios, and 26 Individual Fund Portfolios. Upcoming enhancements will increase the number of age bands in the Age-Based options from five to nine. The additional age bands will further smooth the glide path the Account Beneficiary travels from the time the account is established through college.

In addition, the underlying asset allocations of both the Age-Based and Target Portfolios will be updated. These changes will not affect the high-level asset allocation of these portfolios, but will modify the allocation to specific underlying investment funds to enhance the Portfolio diversification.

No action is required on your part. These changes will be made automatically to the Age-Based and Target Portfolios on September 28, 2016. Account owners invested in the Age-Based Portfolios will automatically continue in the same Age-Based option currently elected—Conservative, Moderate, or Aggressive. Accounts will be automatically invested in the new age band based on, and corresponding with, the current age of the Account Beneficiary. In addition, any future contributions will be invested into the new Portfolio. Because these changes are being made by CollegeCounts, they will not count as one of the two investment changes you may annually make to your account.

Please review this brochure and the enclosed Program Disclosure Statement Supplement detailing the new age bands and underlying fund allocations for each Portfolio. If you have any questions regarding these changes, please contact us at 866.529.2228.

“Alabama’s \$5,000 (single) or \$10,000 (joint) income tax deduction on contributions gives residents little reason to look elsewhere. The plan also deserves a look from nonresidents, particularly do-it-yourselfers.”

“The plan also offers an exceptional selection of individual options for investors to create customized portfolios. The lineup includes a mix of 26 passive and active strategies managed by well-regarded investment firms.”

“The age-based options and six static balanced portfolios invest in straightforward, high-quality strategies.”
